Mayor Barclay has received a letter from A. Gallup, American consul at Harve, France, in which he explains the reason for Giovanni Calagni of this city being kept in confinement. He writes that Mr. Calagni arrived in Harve from Italy on December 1 with the intention of sailing for New York, but it was discovered by the New York doctor that he was insane and therefore the French line refused to transport him. Mr. Calagni was then placed in the hospital at Harve, where he is at the present time, having shown no improvement since then. ## FURS.

We have been talking Furs for the last few days and many have been interested by the conversation. The best of it all is that the trade have found Furs here at better prices than they anticipated and they did not all come here first.

This cold snap will help to finish our fur sale on small Furs, such as Scarfs and Children's Fur Sets.

If we did a credit business there would be no benefit to us in a sale at these prices.

## Does Your Hot Water Bottle Leak?

You never can tell when a Hot Water Bottle is going to make trouble by springing a leak.  
Hot Water Bottles are apt to give all sorts of trouble unless they are good, and it's hard to tell the difference between pure rubber and poor rubber in a Hot Water Bottle when it's new.

The THERAPEUTIC VALUE of a Hot Water Bottle is well known. The application of heat by this means quickly allays pain, reduces inflammation and combats disease in many ways. A Hot Water Bottle is needed by every family—that is a good one—we sell good ones.

## Why Our Cream Bread Has Real Value!

Every housewife knows that to make good Bread it is necessary to have good material and to know how to put it together. We buy the best flour direct from the mill in car lots. It is always fresh. The milk we use is fresh twice a day from one of the best dairies in this section. We use our own home tried lard, which we know is right. The dough is mixed in a two-barrel dough mixer driven by a two-horse motor. This gives us a perfect mixture. The Bread is moulded and baked in a large, clean, airy room on the second floor and is wrapped in wax paper when it comes out of the oven, which keeps it fresh and clean. The bakery runs night and day, so you are always sure of getting fresh Bread. The Bread has real value and is always the same—in fact you might think you was cutting from the same loaf all the time. We sell three loaves for 25 cents.

Our Pastry will please you. No substitutes used in these goods. They have the real value in them.

## FURNITURE

## February First

On the above date we will inaugurate A NEW IDEA in our Soap Department. Very frequently we hear our customers say: "I wish someone near me would get up a club, so that I could join and pay one or two dollars a month and get your premiums, but I cannot spare the time to get up a club and do not care to get so much of the Tea, Coffee and Soap all at once." To remedy this we have

## A NEW IDEA

Anyone buying products from our Soap Order Department, a list of which will be furnished upon application, to the amount of \$1.00 or more at each time until the purchase amounts to \$10.00 will receive with the last purchase a premium the same as if the \$10.00 purchase had been made all at one time.

One can purchase as often as they like, but it must amount to \$1.00 or more each time. Here is a partial list of the products: Green Jap Tea, Oolong Black Tea, English Breakfast Tea, Uncolored Jap Tea, Superior Blend Coffee, Spices, Extracts, Perfumes, Toilet Waters, Laundry Soap, Toilet Soap and Soap Powder. Look in our window for a pointer. Yours for a mutual benefit,
